

Brass Calipers

BC

Handy pocket caliper, made from solid brass

Close tolerance dovetail design ensures smooth motion of caliper & provides accurate measurements

Graduated in both imperial & metric graduations with a least count of 1/16" on the imperial scale and 0.1 mm on the metric scale

Ideal for mechanics, hobby crafters etc. to take measurements on small objects such as nails, screws, lenses, tubing etc.

Brass Caliper - Outside

Brass Caliper - Inside & Outside

Available in two types:

a. Brass Calipers (Outside)

Used for making external measurements from zero to the measuring range of the caliper

b. Brass Calipers (Inside and Outside)

Used for making both internal and external measurements. External measurements can be made from 0-4" (0-100 mm), whereas internal measurements can be made from 7/32" (5 mm) to 4" (100 mm)
