Slim & compact 12W COB underhood light

Light Output

Single button, user controlled light output

	1ST PRESS	2ND PRESS
	LOW	HIGH
LUMEN	480	1200
RUN TIME	6.5 hrs	3 hrs

Sturdy Construction

a. IK07 Rated

- Impact resistant ABS body built to withstand the toughest environments
- 360° swivelling hooks resist wear and provide a scratch-proof grip
- Sturdy polycarbonate lens withstands tough jobsite conditions
- Light can be rotated easily to direct beam on the job, as required

Hands Free Operation

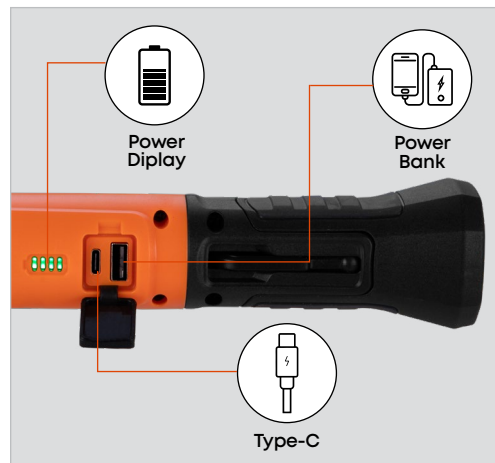

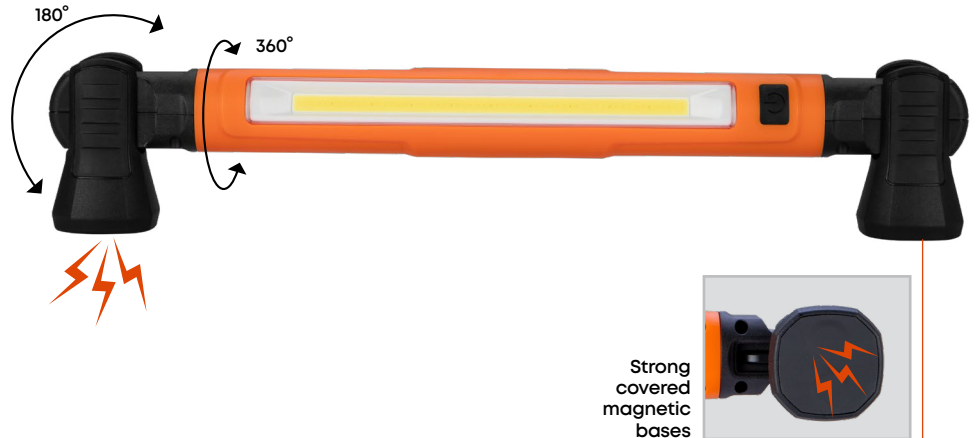

Powerful N45 magnets on both ends easily attach to metal surface, leaving both hands free. Magnets are encased in a silicone casing that prevents marring of metallic surfaces and ensures that magnetic strength remain intact

Charging of Battery

- Type-C fast charging protected by rubberized bezel.
- Charge indicated via 4 LED's, each showing 25% charge

Charge your phone

Rechargeable battery also doubles up as a power bank

360° Swivelling Hooks
